Mostly editorial changes intended to clarify existing policies. Update to reflect the changes in graduate course offerings at the University since the last curricular update

Numerous rewordings to improve clarity and to align the written document with practice within the department

Update to reflect changes in graduate course offerings/course numbers/course names at UD

Minor rewording of "plus" requirements to "business/management" requirements for clarity.

Combination of the two "tracks" within the business/management requirements into one as program students have had no interest

Minor revision to description of the written reports that fulfill the internship requirements to better reflect current practice

Other minor rewordings for clarity

Program Requirements:

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)
