the Course Challenge list. If there are no new courses enter “None”)

None

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: <http://www.ugs.udel.edu/gened/>

Identify other units affected by the proposed changes:

(Attach permission from the affected units. If no other unit is affected, enter “None”)

This proposal was created in conjunction with the Lerner College of Business and Economics. A letter of support from the College is attached.

Describe the rationale for the proposed program change(s):

(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Many students who pursue the Music Management program in the Music Department ultimately go on to earn a graduate degree in Business. Because the Music Management program is a Bachelor of Arts program, there is enough flexibility for the student to take the course that would qualify him or her to apply for the Lerner MBA program. The present proposal outlines the courses that the College suggests, and provides a timetable to allow a student to complete both programs in a five-year period. Neither curriculum has been modified, nor does it create a program *per se*. Instead it serves as an information statement to alert the student to a curricular path.

Program Requirements:

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)

Combined BA/MBA Program

The four-year curriculum for the Bachelor of Arts in Music with Music Management Concentration degree contains required courses and electives that prepare the student for the Master in Business Administration curriculum. With this 4+1 plan and the proper scheduling of MBA classes, music students may enter immediately into the MBA program full-time with the possibility of completion within one year.

The following undergraduate courses are recommended for students seeking admission to the MBA program:

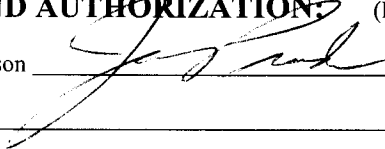

ECON 151: Introduction to Microeconomics: Prices and Markets
ECON 152: Introduction to Macroeconomics: The National Economy
ECON 300: Intermediate Microeconomic Theory

Provisional admission to the MBA program may be obtained in the spring of a student’s junior year. Full graduate admission is based on the fulfillment of the undergraduate degree, results of the Graduate Management Admission Test (GMAT—taken in the Junior year), GPA, work experience, letters of recommendation, extracurricular activities, maturity and a personal interview. Those accepted into the MBA program may be considered for graduate assistantships, Corporate Associates and graduate fellowships upon earning their bachelor’s degree.

Applicable fees are those for matriculated undergraduate students for the first four years. During the fifth year of study, and any subsequent period if it becomes necessary, applicable fees are those for matriculated MBA graduate students. The MBA degree is granted upon completing all requirements with a grade point average of at least 3.0, participating in required activities and becoming an active member of the MBA community.

For details on the MBA curriculum, consult page XX of this catalog. For further information about the 4+1 program, contact the Department of Music and Graduate and Executive Program Office of the Lerner College of Business and Economics.
