

UNIVERSITY FACULTY SENATE COORDINATING COMMITTEE ON EDUCATION

Tuesday, October 10, 2017

12:30PM – 011D HULLIHEN HALL

AGENDA

- 1) UGS is voting on a resolution on Monday for a revised community engagement scholars program. Rusty will provide the final resolution.
- 2) UGS is voting on a resolution on Monday on a revised 4-year plan. Rusty will provide the final resolution.
- 3) There is a resolution going through UGS and Diversity & Inclusion to give D&I full jurisdiction to review multicultural courses. I don't think we can vote on that until UGS and D&I officially vote but we can preliminarily discuss and prepare ourselves for a vote over email in the coming week. Preliminary resolution is attached.
- 4) Last, Rusty will inform us about a coming resolution from Athletic Training to create the first 3+2 program at UD. I think it is good for us to put this on our radar and begin to discuss the merits vs academic costs of this idea.

There is nothing from Grad Studies at this time. If anyone has additional items we should be discussing, please do not hesitate to reach out to me!

Cheers!

Chris
