MINUTES

1) UGS is voting on a resolution on Monday for a revised community engagement scholars program. Rusty will provide the final resolution. – Rusty reviewed the proposal with the CCE Committee and received feedback for UGS. Rusty will provide the final resolution for CCE and EXEC approval.

3) There is a resolution going through UGS and Diversity & Inclusion to give D&I full jurisdiction to review multicultural courses. I don't think we can vote on that until UGS and D&I officially vote but we can preliminarily discuss and prepare ourselves for a vote over email in the coming week. Preliminary resolution is attached. CCE voted to approve the resolution. Rusty will correct the typo in the first whereas and provide the final resolution for Executive approval.

4) Last, Rusty will inform us about a coming resolution from Athletic Training to create the first 3+2 program at UD. I think it is good for us to put this on our radar and begin to discuss the merits vs academic costs of this idea. Rusty provided some background on this upcoming item. Mary Martin also provided some information. Rusty and Mary answered questions.

There is nothing from Grad Studies at this time.
