COMMITTEE ON UNDERGRADUATE STUDIES

The Committee on Undergraduate Studies recommends that the Senate approve the proposed Bachelor of Science Degree program in Physical Therapy from the standpoint of credibility and suitability of the curriculum as presented; however, this committee feels unable to make a valid judgment on the additional cost of this program to the total University Community, and further recommends that the Faculty Senate, with the help of the Provost's Office, weigh the comparative cost of this program in physical therapy with other new and existing baccalaureate degree programs.

COMMITTEE ON UNDERGRADUATE STUDIES

The Committee on Undergraduate Studies has been able to find no merit in the following proposal presented by Dr. DeArmond, and, therefore, it recommends to the Faculty Senate that this proposal be tabled by the Senate. The motion passed with ten votes for, one abstention, and no votes against.

Resolution from A. J. DeArmond concerning a student's right to drop a course without penalty:

- "1. That a student may drop a course without penalty until the end of the sixth week of classes in any full-length semester.
- "2. That the instructor shall indicate on the appropriate form the exact standing of the student at the time of his dropping the course--i.e., he shall write WA, WB, WC, WD, WF, or--if the student has completed no significant part of the course--W, and that this grade shall stand on the student's record.
- "3. That under special circumstances the dean of the appropriate college, with the consent of the instructor concerned, may permit a student to drop a course without penalty after the sixth week of classes.
- "4. That the above provisions shall go into effect beginning with the second semester of 1971-1972."
